Paper Caper

Paper Caper - Colors

What is it

The Paper Caper allows you to train your finger joints and experience at least ten minutes of geeky, hypnotic, memorable fun. The “Colors” Paper Caper can be used as a place card for your parties. Print and build a few copies after writing the names of your guests on each one. Put the place cards on your dinner table to ensure that everyone, even the most arrogant of your guests, will find their proper place.

You can also use the “Colors” Paper Caper as a paper toy, a decoration to hang in your home, or for any other purpose that comes to mind. As far as we are concerned, folding paper is a free activity that should be enjoyed without any sort of restrictions.
